YOU FOCUS ON THE BIG PICTURE

WE'LL SPECIFY THE R.O. SYSTEM FOR OPTIMAL EFFICIENCY

Properly sizing and designing complete Reverse Osmosis systems for engineers is what Flier's Quality Water Systems has done for over 30 years.

You need assurance that every component of your R.O. system works efficiently. We'll size everything so that your entire system is optimized for your special requirements. When your system is properly sized, you run effectively, which saves money in the long run.

Flier's engineering staff custom design complete purification systems to fit the scope of any project no matter the size or specification. They've helped many engineers throughout Michigan like yourself.

Trust in the experts to achieve peak performance and prevent future downtime for your water system.

"When we do a job, we do it right. Any other way is inexcusable."

- Jim Flier, President - Flier's Quality Water Systems

Chapter President—Tom Kingshott

It's golf outing time!! Our weather has turned to Spring and our golf outing volunteers have been hard at work to put together a great event for this year.

With our technical meetings over until next Fall, there are still opportunities to earn CEU's through the ASPE website; these are not only free for members, but have excellent content also. They can be accessed using this link:

<https://education.aspe.org/RLE>

Also, if you have monthly meeting subjects please forward them to me for scheduling.

VP Technical — Chuck Shoudel

Hello everyone,

Another great ASPE year in the books. CEU certificate's from March and April have been sent in and you should be able to log into ASPE.org and print them.

I hope to see everyone at the golf outing on the May 23rd. I hope everyone has a great and safe summer.

See you all in September!

Design Considerations for Hot Water Plumbing

VP Membership — John Cassady

Hello ASPE Members,

We are currently at 76 members in our chapter. We have 2 new members this month; Julia Sicoli with TowerPinkster and Nathaniel Huebner with Synergy Engineers. Please join me in welcoming them to our chapter!

For those of you that have a membership expiring by the end of June, you should have received an email reminder from the national society already. I will send out follow-up reminders to you all this week as well.

If you have a coworker that is interested in joining our chapter, please have them reach out to me with questions about membership.

ARMSTRONG INTRODUCES THE RADA DIGITAL FAUCET

**A SUPERIOR LEVEL OF HANDWASHING SAFETY AND INFECTION CONTROL,
FROM THE WORLD LEADER IN DIGITAL WATER TEMPERATURE TECHNOLOGY.**

Armstrong brings the unparalleled accuracy, stability and safety of The Brain® Digital Recirculation Valve to a point-of-use solution—engineered to mitigate the growth and spread of waterborne pathogens and minimize the risk of scalding injury.

Rada Digital Faucets are an essential component of ArmadaSM—a total, state-of-the-art hot water system engineered to deliver a superior level of user safety, infection control and compliance, from mechanical room to the point of use.

Please contact Merlo Energy at 1-800-968-1195

Dependable. Efficient. Indispensable. (Our products *really* are a lot like you, come to think of it.)

Diversified Spec. Sales, Inc. recognizes the vital role plumbing engineers play in the health and well-being of our society; none of us can exist without clean water. As we depend on you to design plumbing systems designed for today's needs, it is our pleasure to offer you innovative, state-of-the-art product solutions of tomorrow, coupled with the rugged durability of yesteryear.

We carry thousands of products designed to help you achieve the outcomes your project demands. Visit us online to explore our line card or contact us directly to learn how we help you specify products that meet the highest of standards — *your own*.

AYP Liaison — Luciana Kayo

Greetings everyone and Happy May!

Our annual golf outing is coming up on May 23 and it will be nice to enjoy some time outdoors!

We also invite all the AYPs to join our Virtual Happy Hour on May 26 to have some fun after work. (Sorry, but only young professionals 35 years and younger will be allowed to participate). Please register [here](#)

We hope to see you at both events!
